Technical Features

General Features

Flow: 2-100 lt/mins (5 lpm resolution)

FiO₂: 21%-100% (%1 resolution)

Temperature: 31-37°C Degree

Integrated Nebulizer

Integrated Humidifier

Internal Battery

Universal Patient Circuit Connection

Carrier Foot for Oxygen Cylinder

Pressure Welding

Ventilation: Internal Blower

Oxygen: 2.5-7 Bar (pressure welding)

Safety

Flow cut-off feature against clogging/ blockage and bending situations

Flow cut-off at excessive pressure rise

Oxygen cut-off at possible failure

3 temperature sensors

Internal thermostat

Double-deck insulated heater

System preventing leakage

Pressure sensors

Fan providing ventilation

Advanced alarm system

Exterior design V with non-flammability class

CTL.02/0124/00

biOflow

TECHNOLOGY THAT MAKES DIFFERENCE

Designed for healthcare professionals, optimized for patients

BiO₂Flow is designed to adapt to patients with different therapy needs. It supports this unique flexibility with different modes and precise control features. It provides an advantage for the patient to release secretion easily.

The hardware and software features of Bio₂Flow, which can be easily operated with a single button, allow the device to be used in patients with respiratory failure, post cardiac surgery, heart failure, bronchoscopy, post extubation. It can also be used in other cases where high FiO₂ is required.

BOTH ERGONOMIC & FUNCTIONAL

- Modern and compact design
- Ease of operation with one button
- Special carrier foot providing transportation advantage
- Oxygen tank that can be mounted to the carrier foot
- A perfect combination of advanced engineering and contemporary design

Bio₂Flow is which breaks new ground in HFO therapy with its innovative features, shows its difference with its ergonomic design and easy usage.

Thanks to its structure that emphasizes functionality; it can be used not only in hospitals but also in home care situations.

Integrated Nebulizer

Integrated Humidifier

Precise FiO₂ adjusment

Flow rate up to 100 lpm

Integrated battery

One-Button push and operate

in its class, passes all tests successfully and offers high

quality and safety simultaneously.
